

Designed to reflect your vision

REFLECTIONS

Featured here CT 271 Alaska Brown

Are you someone who's involved in
any of these roles?

-  Architect
-  Consultants
-  Home owner
-  Project Owner
-  Interior Designer
-  Builder
-  Brand Manager

Are you facing any of these
problems with exteriors?

-  Weathering
-  Fading
-  Losing of shine
-  Fire safety
-  Budgetary Issues
-  Repainting
-  Limited colours
-  Limited textures
-  High maintenance

Or any of these issues
with interiors?

Wallpaper peeling

Fire safety

Limited textures

Paint dampness & flaking

Repainting

High maintenance

Budgetary Issues

Limited colours

Choose the product that
solves all your problems.

Water & fungus-proof

High quality product

Termite resistant

Easy to clean

Eco - Friendly

Natural shades & textures

A swatch for every vision

We know you're building something that lasts. Makes a statement. And tells your story without uttering a word.

Presenting to you our premium collection of Aluminium Composite Panels. Choose the one that reflects your vision and brings it to life.

22 years of experience

CityBond may have been founded in 2015, but our founders, Mr. Lalit Mittal and Mr. Mohit Mittal, had laid out the success-plan years in advance. Both Chartered Accountants by profession, they spent years working in and studying the manufacturing and building materials industry in depth. On top of it, their specialised skills in supply chain management, logistics, marketing, and sales, have made CityBond worthy of the trust our patrons place upon us.

Subject: Testing and investigation of aluminium composite materials (ACM) properties as per ASTM standards as specified under ACM specifications of HPCIL.

Sr. No	Description	Test Methods	Specifications	Results
1.	Chemical Compositions (% mass) % Copper (as Cu) % Magnesium (as Mg) % Silicon (as Si) % Iron (as Fe) % Zinc (as Zn) % Titanium (as Ti) % Manganese (as Mn) % Aluminium (as Al)	ASTM E-3061-17	SEM-EDX	AS005 0.10 0.53 0.40 0.38 0.06 0.02 0.02 98.49
2.	Type of Coating	PVDF Using FTIR instrument		
3.	LDPE Granules	MFI	Density	Type of Polymer
		0.84 (gm/10 minutes)	0.926 (gm/cc)	LDPE
4.	Surface Protective Film	Thickness		
		72.7 µm		

Test results pertain only to samples submitted to us.

UNISTONE-UPPL/01-ORANGE

Sr. No	Description	Test Methods	Specifications	Results	Remarks (Pass/Fail)
A. Physical Tests For ACM (Aluminium Composite Panel)					
1.	Overall Thickness of ACM	Visual Check/ Measurement as per GAP	3 mm ± 0.2 mm	3.02 mm	Pass
2.	Aluminium Skin Thickness (each side)	Visual Check/ Measurement as per GAP	0.8 mm (+0.04 mm/- -0.025 mm)	0.28 mm	Pass
3.	Panel Weight (ACM)	Visual Check/ Measurement as per GAP	3.8 kg/m ² (± 5%)	3.81 kg/m ²	Pass
B. Mechanical Properties For ACM					
1.	Peel off Strength	ASTM D-1781 or ASTM D-903	>72mm/min or More than 4N/mm	4.67 N/mm	Pass
C. Properties of Aluminium Skin					
1.	Tensile Strength	ASTM E8	Min 110N/mm ²	122.35 N/mm ²	Pass
2.	Modulus of Elasticity	ASTM E8	Min 68000N/mm ²	75400 N/mm ²	Pass
3.	Elongation	ASTM E8	ASQ 2%	4.69 %	Pass
4.	0.2% Proof Stress	ASTM E8	Min 100N/mm ²	106.22 N/mm ²	Pass
D. Properties of Paints Finish (Front side only)					
1.	Coating type	Using FTIR instrument	DURAGLOSS - Cycloaliphatic Polymer Resin Cross linked with a specific melamine blend LUMFLOX - Fluoro Ethylen Akryl Vinyl Ether PVDF - Polyvinylidene fluoride	PVDF - Polyvinylidene difluoride	Pass
2.	D.F.T. (Dry Film Thickness)	ASTM D 1400 or ECCA T1	33.7µ Microns to 41 Microns	45 microns	Pass
3.	Specular Gloss	ASTM D254 or ECCA T2	Solid Colour 25-40%, Metallic colour 20 - 35%	37.6 %	Pass
4.	Abrasion Resistance	ASTM D 4060	>25 keros per unit or +45mg/1000 cycle	7.8 mg/1000 cycle	Pass
5.	Gloss Retention	ASTM D254 or ECCA T2	Min 60% (10 years)	97.29 %	Pass
6.	Colour Retention	ASTM D 2244 or ECCA T3	5 units (max.) over 4000 hrs	1.88	Pass
7.	Chalk Resistance	ASTM D4254 or ECCA T14	Max rating 8 units after 4000 hrs	No Chalking	Pass
8.	Adhesion	ASTM D3359 or ECCA T6	No loss permitted	No loss	Pass

One of the Best In-House Laboratories in India

with 31+ Tests

- 1. Melt Flow Index Test (For high-quality polymer)
- 2. Tensile Strength Test (For super resilient panels)
- 3. Deep Freezing Test (For resistance against cold weather)

- 4. Boiling Water Test (For resistance against heat)
- 5. Cross Hatch Test (For ideal bonding with paint coatings)
- 6. Gloss Test (For consistent finishing)

Partnerships and Collaborations

Aapke Exterior Ka Saathi

From making the right choice to executing your vision, we'll be there with you every step of the way. After all, when it comes to exteriors, we're your partners for life.

Listen and learn

From those who've already found the solutions.

Choosing CityBond's ACP has been one of my best decisions. All the products arrived in top-notch quality, and they were easy to install as well. Also, I recommend CityBond to anyone who's looking for a product with excellent finishing.

- Senior Manager, Procurement, Corporate MNC

My team and I are incredibly happy with the service that we experienced from CityBond. They helped us in every step. They even helped us choose the designs that suited our project. Also, our order was delivered before the due date and they even stayed in touch after.

- Executive Director, PSU

We want to give a big thumbs up to the CityBond team. We installed their products in our manufacturing plant and so far, we have met with no issues. If you're looking for someone who is genuinely experienced and insists on helping you with their vast knowledge, get in touch with CityBond.

- CMD, Pharmaceuticals Company

Putting our name on the map. One panel at a time.

Why choose Agniguard?

Holds back the fire

Gives 2 hours of additional time till emergency services can step in

Prevents fire from spreading

No droplets generated

Stops smoke

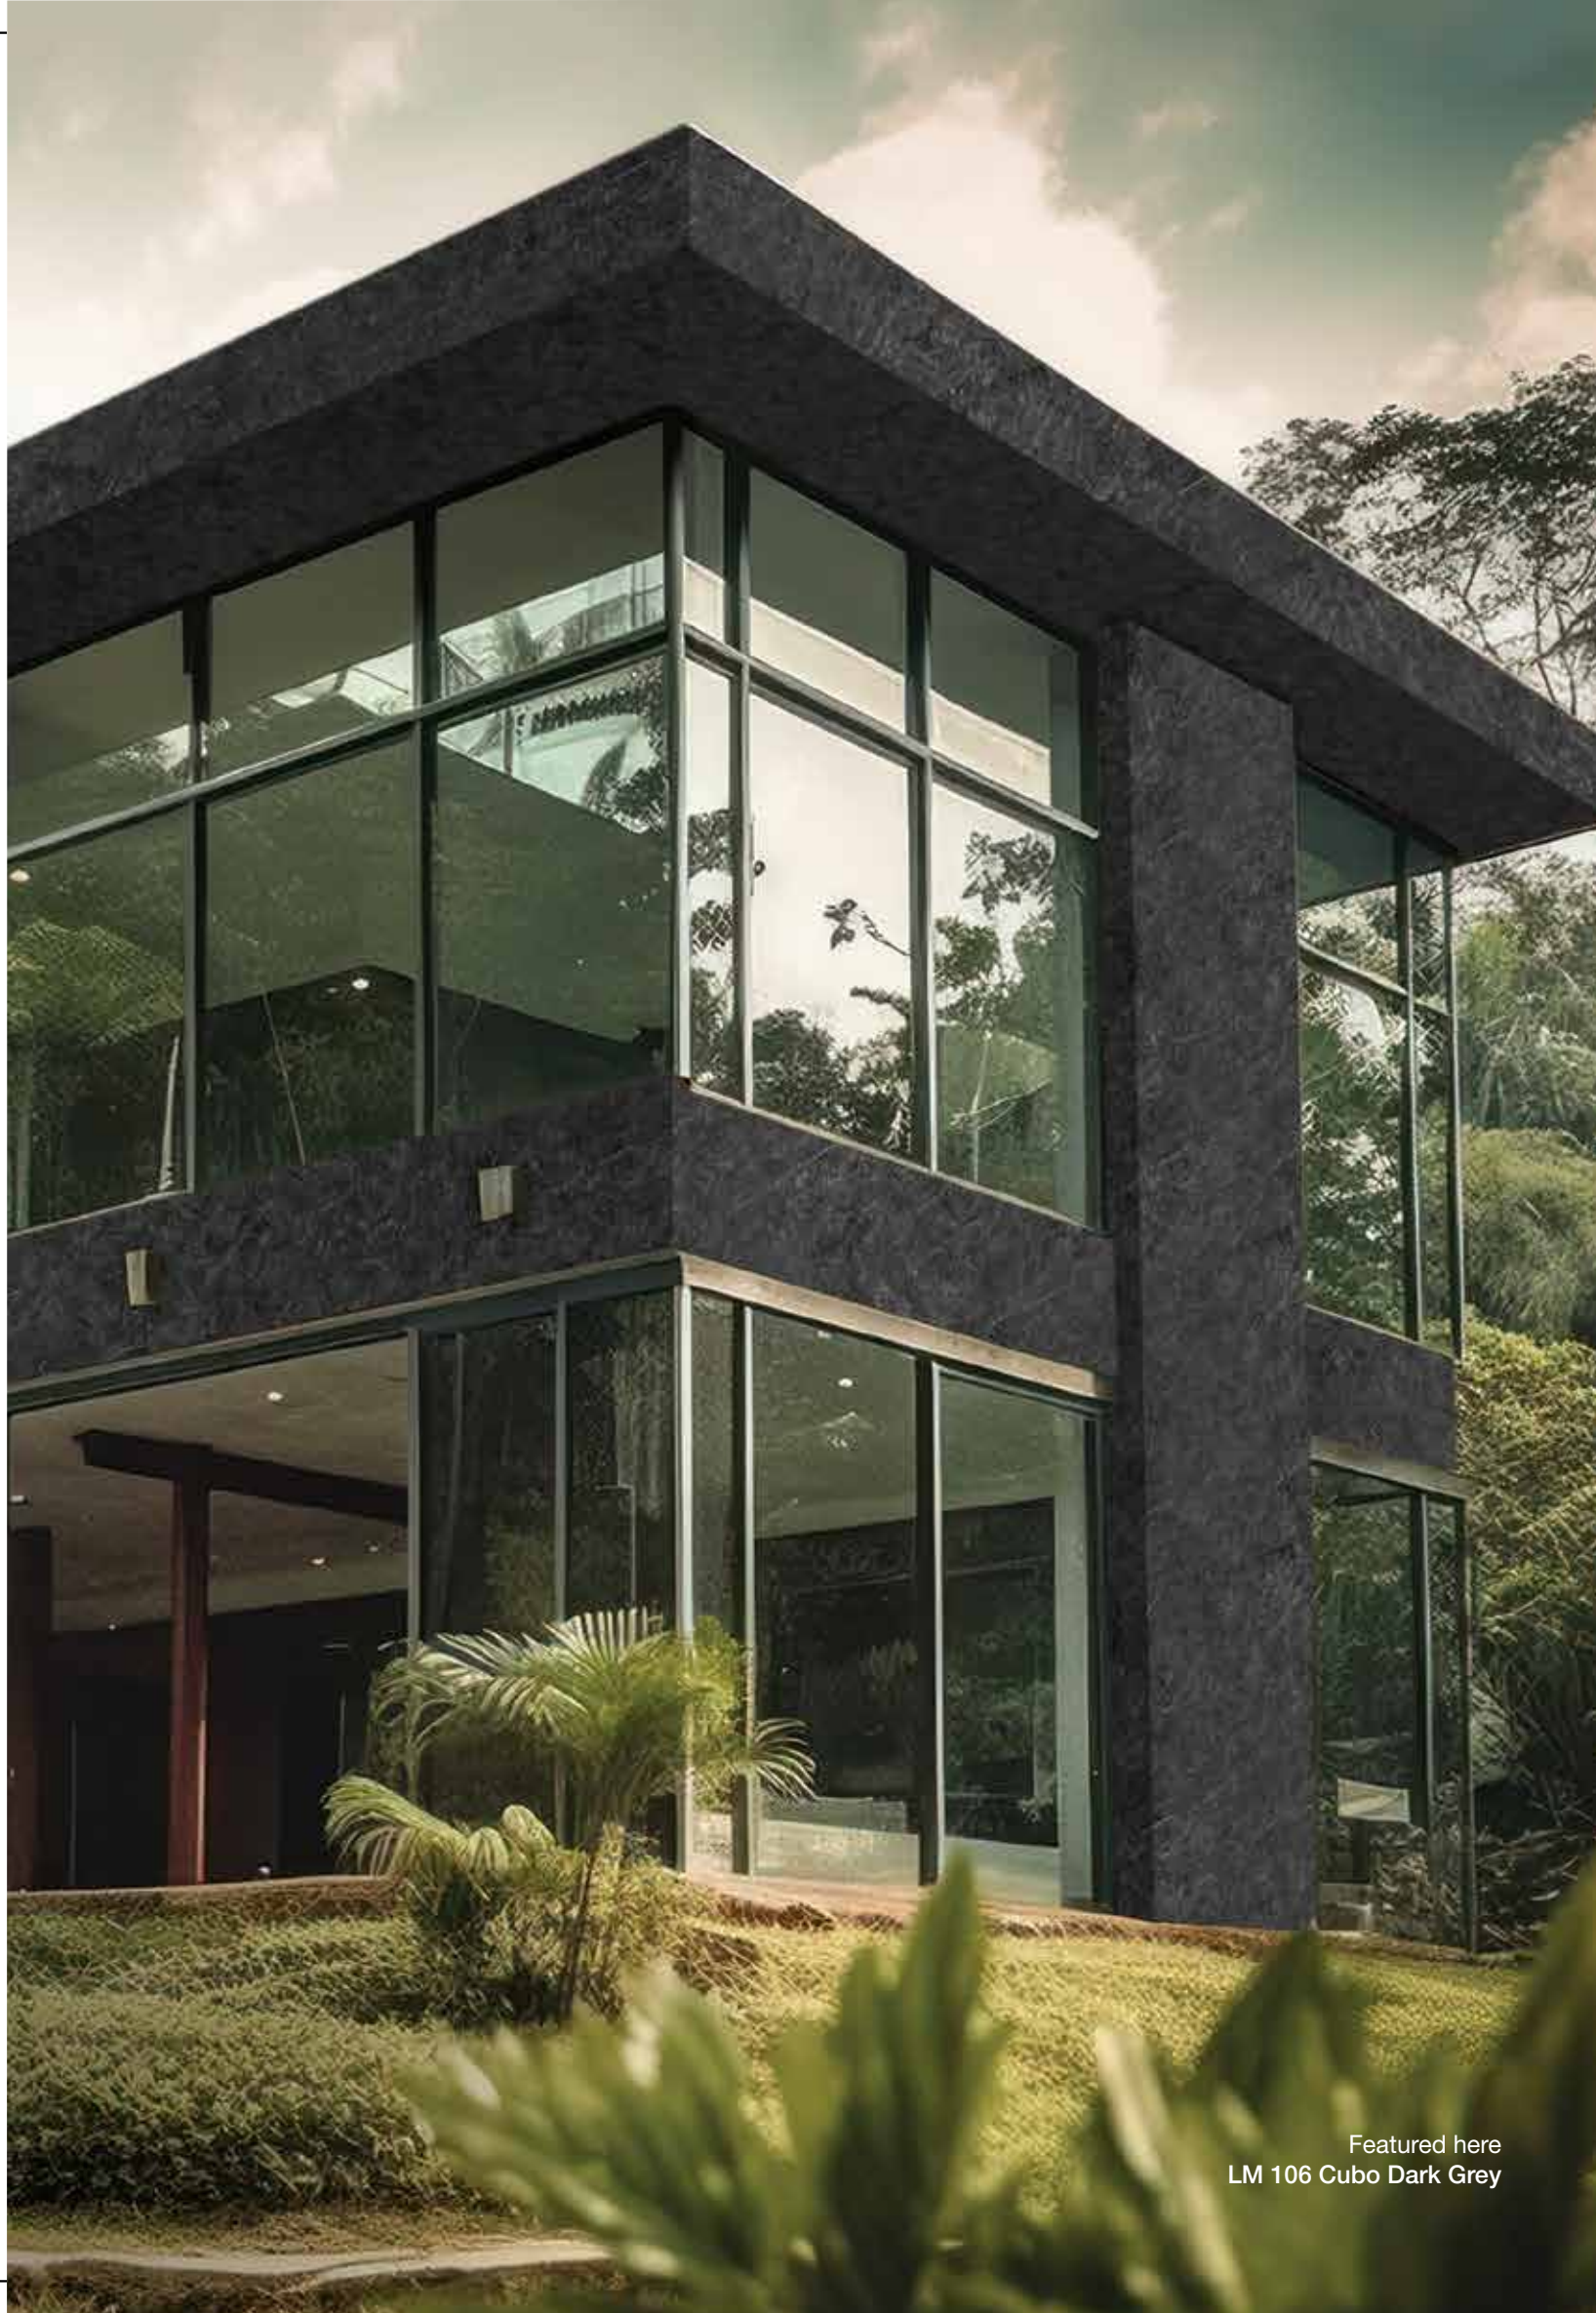

No choking or spread of hazardous toxic fumes

Agniguard is available as an add-on for all collections, and in every colour.

A modern architectural photograph of a two-story house. The upper level features a dark grey, textured stone facade (LM 106 Cubo Dark Grey) with a large section of horizontal wood slats (LM 115 Decayed Rock) that are illuminated from within, creating a warm glow. The lower level has a large, light-colored stone wall (LM 115 Decayed Rock) and a glass-enclosed entrance area. The interior is visible through the glass, showing a bright, modern interior with a dining table and chairs. The house is set against a blue sky with scattered clouds. In the foreground, a swimming pool reflects the house and the sky. The overall aesthetic is contemporary and sophisticated.
